

1 CORINTHIANS

1 Corinthians 1:1-3

September 19, 2021

Read Acts 9 and review Paul's conversion and call to apostleship. Would you say they were two different callings, or happened simultaneously?

Read Acts 18:1-17. If you were one of Paul's traveling companions, how would you have described this church planting experience?

Compare/Contrast this introduction to Paul's other letters. Do any features stick out to you?

In the Bible, what does "saint" mean? Why do you think we hesitate to use this term toward each other?

How can this introduction--written to a people 2000 years ago, who were living in what is modern day Greece--apply to you and I today?

Anything you are looking forward to during out study in 1 Corinthians?

Want to read and study more? This week, we're in **Psalm 113** for liturgy. Take a look and write some reflections.
