

1 CORINTHIANS

1 Corinthians 3:1-9

October 31, 2021

What's the difference between being young in your faith (a recent convert) and a person who chooses to remain immature in the faith? (Hebrews 5:11-14)

What challenge or encouragement would you give to a person who does not seem to be maturing in their walk with the Lord?

What are some of the wrong ways we assess maturity as a disciple? What are some of the sure-fire ways to spot immaturity? (James 4:1-10)

Rather than seeing his ministry as competing with Apollos, Paul saw their ministries complimenting one another. Why do you think we're so tempted to view even things like ministry competitively?

How does our ministry change if we truly believe God is responsible for the results?

How is the church in Corinth like God's field and God's building?
